

STATE ROAD NUMBER 93 (I-275)
I-275, From Himes Ave. to the Hillsborough River (Southbound)
Financial Project ID 258399-2-52-01

Project Description:

This project will provide for the reconstruction of southbound I-275 to include a total of four through lanes. These four lanes will maintain access at all of the existing interchanges. A large median will remain in place for future expansions. This project will be designed and built by the awarded contractor.

Landscaping is included where right-of-way allows. Architectural features are being incorporated into the walls and the bridge structures with emphasis being placed on areas of high visibility. Aesthetic enhancements such as specialty lighting, fencing, and paving are also included in the project. Sound barrier walls will also be constructed in areas where they have been determined to be warranted.

Project Location:

The project will be constructed along I-275 from Himes Ave. to the Hillsborough River in Hillsborough County.

Project Schedule:

<i>Item</i>	<i>Status</i>
Design	To be completed by contractor
Right-of-Way	Complete
Begin Construction	Fall 2013

Project Costs:

<i>Phase</i>	<i>Cost Estimate*</i>
Design	\$7.2 M
Right-of-Way	N/A
Construction	\$120.4 M**

* Please note that cost estimates may fluctuate as the project progresses.

**Cost estimate includes funding for Construction, Engineering, and Inspection.
